## Expanding our Digital Engagement - TDSI is on social media!

To better connect with our community and share updates on our professional development opportunities, TDSI has expanded our digital presence to TikTok and Instagram. Together with our existing channels on Facebook, LinkedIn, YouTube, and TDSI website, these new platforms will enable us to engage a broader audience through dynamic and digital content to elevate TDSI's branding and learning opportunities for better discoverability. We invite our defence strategic partners to follow us and stay connected as we continue to advance learning and innovation across the defence ecosystem.

## TDSI LEARNING SYMPOSIUM 2026

The 4<sup>th</sup> TDSI Learning Symposium themed "Engineering the Future Force: Learning, Leadership, and Defence Technology" was held on 9 July 2026. The Distinguished Speakers' Session continued to be the highlight of the programme, which invited speakers to share their perspectives and insights on advancing learning about how emerging challenges and digital transformations are shaping capabilities of the future-ready defence forces through integration of technology, systems and leadership. This event was well-attended by management leaders and defence professionals from TDSI's defence strategic partners, faculty lecturers, students and alumni. This year's learning symposium is of special significance which TDSI celebrates its 25 years of journeying with the defence community. A big thank-you to all who attended and contributed to the success of this annual learning event of TDSI that organises exclusively for the defence community.

## TDSI Alumni Homecoming Dinner - Celebrating 25 Years

Celebrating TDSI's 25 years of journey in shaping defence capabilities and nurturing leaders, this is a momentous and meaningful milestone that TDSI wants to celebrate our institutional journey alongside the collective achievements of our alumni across the defence community.

As part of TDSI's 25th anniversary celebrations, TDSI Alumni Homecoming Dinner on 31 July 2026 was a meaningful opportunity to reconnect with the generations of graduates whose leadership, expertise, and contributions have helped shape Singapore's defence ecosystem over the past quarter century. Beyond celebrating our shared achievements, the gathering also marks the beginning of a renewed chapter of alumni engagement, fostering stronger networks, lifelong learning, and deeper collaborations to address the challenges and opportunities of the future.

## TDSI Graduation Ceremony for MDTS Class of 2024

TDSI Graduation Ceremony for MDTS Class of 2024 was held on 31 July 2026 to celebrate the achievements of our graduating cohort from the MDTS Programme. As they take the next step in their careers, TDSI looks forward to their continued contributions in strengthening capabilities, advancing innovation, and creating lasting impact across Singapore's defence ecosystem!

## Application Open for TDSI's Joint-Master Degree Programme for 2027 Intake

Application for TDSI's Joint Master of Science in Defence Systems Engineering and Technology (MDSET) is open from July 2026. If you are interested to pursue a postgraduate education to value-add to your career, you will be excited to know that TDSI's MDSET comprises an enhanced curriculum to meet with defence technology frontier's digital transformation, which also caters wide choices of technology tracks that provide the flexibility of in-depth or cross-disciplinary knowledge.
